

Disneynature chimpanzee

IN THEATERS APRIL 20, 2012

A Chimpanzee Can...Can You?

A chimpanzee can walk on all fours using his feet and the knuckles on his hands.

Can you do this across the room?

A chimpanzee can make a special call known as a pant-hoot.

Can you sound your pant-hoot?

A chimpanzee can show all his teeth when he's angry. This is called baring your teeth.

Can you bare your teeth?

A chimpanzee can use a stick as a tool to dig ants to eat out of an anthill.

Can you name the tools you use to eat your food?

Dear Family,

This April, Disneynature invites you to take your child on a remarkable journey. Travel deep inside the forests of Africa and meet Oscar, the mischievous young chimpanzee who'd rather make mayhem than take an afternoon nap. When Oscar's family is confronted by a rival band of chimps, he is left to fend for himself. Then a surprising ally steps in and changes his life forever. For the first time ever captured on film, witness the unbelievable true story of family bonds and individual triumph that will amaze and delight your entire family.

Please enjoy this activity sheet with your child, and then go see the epic true-life adventure *Chimpanzee* in theaters April 20.
