

Marilyn Burns Classroom Math Libraries

Build essential mathematics concepts and skills with children's literature.

You've always known literature opens new worlds. Now use stories to open the world of mathematics. Developed by one of America's leading math educators, **The Marilyn Burns Classroom Math Library** helps build essential math concepts and skills students need while providing teachers the instructional support necessary to effectively teach math.

Each library includes:

- **45 Trade Books** (25 titles total; 1 copy each of 20 titles, 5 copies each of 5 titles)
- **Teacher Handbook**
- **Attractive Display Box**

Created for Kindergarten through Grade 6, every library features:

- **Award-winning, classic, and contemporary titles** that captivate and motivate children while serving as a springboard for math instruction.
- **A detailed lesson plan** written by **Marilyn Burns** for each title that introduces and addresses grade-level-appropriate mathematics topics.

Five libraries are available:

- Grade K
- Grade 1
- Grade 2
- Grade 3
- Grades 4-6

Marilyn Burns, one of today's most highly respected math educators, is the founder of *Math Solutions Professional Development*, dedicated to the improvement of math instruction in Grades K-8.
