Featuring specially selected 21ST Century learning solutions for International Schools
www.scholastic.com/internationalschools

DEAR EDUCATOR,

Since 1920, Scholastic has been one of the fastest growing educational publishers in the world. With a vast range of curriculum instruction programs, books and classroom libraries, technology solutions and teaching resources, Scholastic reaches millions of teachers, students and parents worldwide each year.

In recognizing that literacy is the cornerstone of a child's intellectual, personal and cultural growth, Scholastic has created quality products that educate and motivate children and are designed to help broaden their understanding of the world around them.

As one of Scholastic's valued International Schools customers, you will be pleased to know that this year, we have updated this unique collection of products identified specifically to meet *your* needs. Be sure to check out some of the latest and greatest new programs from Scholastic featured inside this catalog:

- **PYP, MYP, and IPC Readers** – Created for PYP, MYP, and IPC classrooms specifically, these readers inspire critical thinking and global awareness. See pages 32-33.
- **BookFlix** – Build a love of reading and learning with paired fiction and nonfiction – online! See page 15.
- **Guided Reading Fiction Focus 2nd Edition** – Differentiate instruction with the BEST selection of authentic texts for leveled reading. Now packed with new and exciting books and instructional resources. See page 20.
- **The Marilyn Burns Classroom Math Libraries** – Build essential math concepts and skills through children's literature while providing teachers the necessary instructional support to effectively teach math. See page 46.
- **Expert 21** – Reading, Writing & Thinking for the 21st Century. A new kind of English Language Arts curriculum for a new generation of learners. See pages 40-41.
- **Expert Space** – A new digital curriculum and toolkit that will transform the way all students access and deepen content-area knowledge. See page 42.
- **Timeliner XE** – Every school should have this program! Help your students transform information into knowledge. Students learn to organize data and make real-world connections with this powerful and intuitive software program. See page 43.

Product Features for International Schools

What the Icons Mean

Scholastic recognizes the need for **authentic literature** and **leveled reading** materials that engage all students and encourage **independent reading**. Scholastic also understands the importance of **oral language development** and **academic vocabulary** support, the relevance of **interactive technology**, and the need for access to **audiovisual materials** to help model pronunciation and provide listening practice. Throughout this catalog you will see the following product features recognized.

Scholastic also recognizes the growing need for English Language Teaching Materials (ELT), as well as books and instructional materials aligned specifically to the International Baccalaureate Curricula (PYP and MYP) and the International Primary Curriculum (IPC). Look out for the following icons touted throughout the catalog when applicable.

A theme-based, full-year curriculum for your youngest learners.

Children cannot wait to learn! **The Scholastic Early Childhood Program** is an engaging out-of-the-box, real-world theme-based program that provides your most eager learners with a strong foundation in early literacy, math, and science skills while encouraging personal and social development.

The Scholastic Early Childhood Program:

- Provides a full-year curriculum covering all the early learning domains: English language arts, math, and science.
- Enhances academic and oral language with songs, picture cards, posters, Big Books, and fun activities featuring Clifford.
- Introduces children to high-quality, authentic fiction and nonfiction books in English and Spanish.
- Balances child-initiated explorations with built-in teacher-directed instruction to enhance inquiry-based learning.
- Offers a rich parent/guardian-involvement system.

Real-World Themes!

The Scholastic Early Childhood Program immerses children in real-world themes that begin with what is familiar to children and connects to the world around them.

Themes Include:

Theme 1 Friends and School

- My Class
- School Workers
- Working and Playing

Theme 5 Our Community

- Places Around Town
- Getting Around
- Neighborhood Jobs

Theme 8 Let's Explore

- Observing Our World
- Sorting and Classifying
- Recording What We Observe

Theme 2 Home and Family

- My Family
- People in My Home
- The World Around Me

Theme 6 Working and Playing Together

- Getting Along
- Celebrations
- All Kinds of Workers

Theme 9 Animals and Where They Live

- Animal Homes
- All Kinds of Animals
- Insects
- Life Cycles

Theme 3 Inside and Outside Me

- My Body
- The Five Senses
- Movement

Theme 7 Make It, Build It

- Shapes
- Colors
- Making Things
- Tools and Building

Theme 10 Everything Changes

- How Plants Grow
- All Kinds of Plants
- Seasons and Weather
- Growth and Change

Theme 4 Staying Well, Staying Safe

- Healthy Me
- Nutrition and Exercise
- Safety

 Authentic Literature

Captivate early learners with skill-building read-alouds!

Authored by **Susan B. Neuman, Ed.D.**, along with Program Advisor **Nell K. Duke, Ed.D.**, **Book Time** is an early learning program that develops essential vocabulary and comprehension skills through the power of books. These engaging books were selected to help teachers make read-aloud time a motivating and enjoyable way to build essential skills and knowledge.

Book Time Includes:

- **Rich Trade Books:** Program authors personally selected each high-quality title and ensured that multiple genres were included to expose children to different types of text through varied literary experiences.
- **Engaging Lesson Plans:** Engaging and creative lesson plans provide three entry points for prereading development: oral language, comprehension, and content knowledge.
- **English Language Support:** Point-of-use support and observational assessment targeted for English language learners and children with developing language skills.
- **Professional Development:** Teachers put research into practice with a professional guide that provides tools to conduct multiple readings and responses that deepen children's learning experience.

Interactive beginning reading and writing for the next generation of learners—now with new powerful technology!

WiggleWorks combines interactive technology with leveled books and instructional materials to help all primary students become successful readers. This proven effective program provides teachers with the materials to effectively manage their classroom while focusing instruction on five essential reading areas—Phonemic Awareness, Phonics, Vocabulary, Fluency, and Comprehension.

WiggleWorks engages beginning readers and improves student achievement in:

- **Reading:** WiggleWorks leveled books and interactive software provide reading instruction in key reading areas and make learning accessible for all students.
- **Writing:** Both on and off the software, students write responses to the stories they read. They are also inspired to write their own stories.
- **Language Development:** Print concepts are reinforced in multiple forms and instruction is scaffolded throughout the program to help students build language skills.

Each Classroom Edition Includes:

Student Materials

- **Software**
(Site license to support up to 30 students)
- **42 Interactive English Titles**
- **12 Interactive Spanish Titles**
- **252 Leveled Books**
(42 English titles; 6 copies each)
- **Audiobook CDs** (6 copies)*

Teacher Materials

- **42 Teaching Plans***

Mastery of critical words for reading success.

Developed by Dr. Elfrieda H. Hiebert, **Scholastic Zip Zoom Critical-Word Readers** are a supplemental beginning reading program designed especially to meet the needs of English language learners and struggling readers ages 5–8. The program is proven to help students gain reading skills and accelerate reading fluency. The program's flexible lesson plans for systematic instruction of high-frequency and highly meaningful words help English language learners and struggling readers master the vocabulary necessary for participation in the core curriculum.

Zip Zoom Critical-Word Readers:

- Expand oral language.
- Develop essential English vocabulary.
- Accelerate oral reading fluency.
- Increase listening and reading comprehension.
- Build phonemic awareness and phonics skills.

Zip Zoom Critical-Word Readers Includes:

Student Materials:

- 360 Sequential Books (60 titles; 20 titles per level; 6 copies each)
- 3 Audiobook CDs (1 per level)

Teacher Materials:

- **Professional Guide**—provides complete instruction for each paired book.
- **Teacher Resources CD**—includes extra independent writing and vocabulary activities, and take-home books.

Your **COMPLETE** leveled book solution—let Scholastic do the work for you!

Scholastic Leveled Bookrooms provide a quick, economical, and organized start into leveled reading with a collection of leveled books that engage your elementary grade students at the “just-right” level.

Fast—Selecting titles for small-group instruction, leveling books, developing lesson plans, and organizing your bookroom can be a time-consuming task. Scholastic does the work for you!

Economical—Three enormous bundles for Guided Reading levels A-N, M-Z, and A-Z offer hundreds of titles and teaching resources within a variety of genres, topics, and content-area knowledge to expand reading experiences.

Organized—**Scholastic Leveled Bookrooms** offer each student the “just-right” book with hundreds of motivating, engaging, and captivating titles, each carefully leveled according to Fountas and Pinnell guided reading levels, DRA levels, and Lexile levels. Also included are instructional lesson plans (for most titles) and essential storage solutions and organizing materials.

Furniture not included.

A fast, cost-effective way to build a complete classroom library!

All titles have been selected by renowned education professionals and together constitute an effective classroom library that offers a wide range of genres, topics, authors, and subjects. Each **Ready-To-Go Classroom Library** is comprised of three 100-book collections, offering a diverse range of reading levels and each focusing on a different area of emphasis.

- **Favorites Collections** are designed to motivate and engage readers with award-winning books and best-selling favorite titles. These collections motivate reluctant readers with classic and contemporary novels that epitomize good writing.
- **Independent Reading Collections** are organized by guided reading level for ages 5-8 and Lexile® level for ages 9-14. Students at every level will find books they can read with interest, accuracy, and success.
- **Nonfiction Collections** support social studies and science standards, develop essential vocabulary and background knowledge, and serve as a valuable source for research projects.

Purchase each collection individually until you have purchased the entire Ready-To-Go library!

Each library now includes three award winning books in sets of five, allowing for small-group discussion and wider distribution.

Now shipping with attractive and practical storage bins!

Give your primary students an early edge on school success with this informational reading program!

Begin building informational reading skills in the primary grades with **Buzz About IT!**, a read-aloud library developed by **Dr. Nell K. Duke**, a leading researcher in the fields of early literacy development and teaching informational text. **Buzz About IT!** features informational trade books chosen for their outstanding writing and graphics, strong social studies, language arts, and science content, and their appeal to young students. Every book comes with an in-depth, easy-to-follow lesson plan featuring teaching strategies and activities that build information literacy and content knowledge before, during, and after reading!

Buzz About IT!:

- Develops an understanding of informational text features while also building skills in vocabulary, comprehension, and writing.
- Contributes to language development with engaging read-aloud texts.
- Encourages critical thinking by addressing important questions children have about the natural and social world, while building essential background knowledge.
- Encourages children to “read to learn” while they learn to read.
- Provides teachers with access to important, actionable reading research through Dr. Duke’s professional resource book *Reading & Writing Informational Text in the Primary Grades*.

Each Grade-Level Library Includes:

- **50 Books** (25 titles; 2 copies each)
- **Lesson Cards** (1 for each title)
- **Professional Book**
- **Program Overview**
- **Storage Bin**

Each title-specific lesson card features one of the following formats:

- **Instructional Conversation**
- **Experience-Text-Relationship**
- **Think Aloud**

Authentic Literature

Leveled Reading Materials

Build cultural, historical, and scientific literacy with these comprehensive content-area libraries.

To succeed in today's information society, it is not enough for students to simply read the text; true and deep understanding requires strong background knowledge, rich vocabulary, and rigorous instruction. **Core Knowledge Libraries** give students access to a broad range of authentic trade books aligned to topics including science, geography, visual arts, math, and more. These dynamic libraries are designed to build on one another, year after year, ensuring "cultural literacy" for all students. Core Knowledge Libraries are developed in conjunction with the Core Knowledge Foundation.*

Each Core Knowledge Library:

- Contains authentic trade books covering a diverse range of topics, including language arts, history, geography, visual arts, music, math, and science.
- Incorporates three reading strategies: Read Aloud, Read with Help, and Read Alone.
- Contains a range of levels to accommodate individual needs.
- Creates opportunities to practice reading and build content-area knowledge on many historical, scientific, and cultural topics.

PreK (Ages 4-5) Library Includes:

- **80 Books** (40 titles; 2 copies each)
- **Teacher Handbook**

Kindergarten & Grade 1 (Ages 5-7) Libraries Include:

- **160 Trade Books** (80 titles; 2 copies each)
- **Teacher Handbook**
- **Storage Bin**

Grades 2-5 (Ages 7-11) Grade-Level Libraries and Grades 6-8 (Ages 11-14) Library Include:

- **120 Trade Books** (60 titles; 2 copies each)
- **Teacher Handbook**
- **Storage Bin**

Build the background knowledge and academic vocabulary English language learners need to succeed in English!

New Connections to English supports language development and acquisition for English language learners through a collection of children's literature. ELLs are able to make meaningful connections to the text while building background and content-area knowledge through high-quality fiction and nonfiction titles. Award-winning classics and favorites stimulate children and make the most of your read-aloud and paired reading time. Professional materials support teachers in reinforcing essential reading skills while improving language acquisition and proficiency.

Each New Connections to English Classroom Library:

- Offers varying degrees of challenge for students at different stages of language acquisition and literacy development.
- Promotes oral language proficiency and fluency with two copies of each title.
- Employs several reading strategies, including Read-Alouds and Independent and Partner reading, to build skills from ages 5-14, including content-area knowledge and vocabulary.

Program Includes:

- **100 Books** (45 trade books, 2 copies each; 10 read-aloud books)
- **7 Reference Books**
- **Professional Guide**
- **Activity Resource CD**
- **Storage Bin**

LANGUAGE ARTS

AGES

8–18

Motivate students to read independently with high-interest, low-level texts.

Scholastic Action Book Collections support below-level readers and English language learners when they need it most—as they are reading! Integrated, research-based components—Action Books, Reader’s Notes, and Teacher’s Guides—provide innovative skills support designed to increase comprehension and language acquisition, helping striving readers become successful readers.

Action Book Collections Offer:

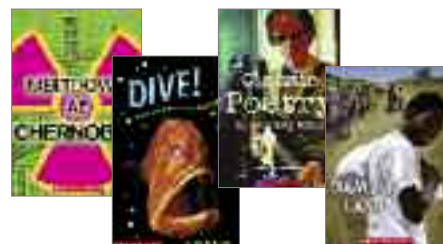

- Quality hi-lo books, featuring multiple genres and text structures to ignite student interest.
- Nonfiction and fiction collections that boost competency in content areas and expand cultural literacy.
- Books with embedded reading strategies and targeted vocabulary, to scaffold instruction and improve reading comprehension.
- Student Reader’s Notes that build skills with exercises connected to specific passages in each book.

Each Action Book Collection Includes:

- **36 Books** (6 titles; 6 copies each)
- **36 Reader’s Notes Booklets**—Activity Worksheets (6 copies per title)
- **Teacher’s Guide**—Includes teaching plan and reproducible Reader’s Notes for each title.
- **Convenient Storage/Display Case**
- **Also Available:** Additional Reader’s Notes for each collection in packs of 36 (6 copies per title).

Reader’s Notes build skills with exercises connected to specific passages in the book.

Practical tools to help students navigate through and comprehend expository text!

Navigating Nonfiction is a complete nonfiction reading worktext program. As students advance, more of their reading is comprised of nonfiction, expository material, content-area textbooks, reference books, periodicals, Internet articles, and more. Students need efficient and effective strategies for tackling this type of text to maximize their comprehension and fluency skills, expand their critical thinking skills, and raise their standardized test scores.

Navigating Nonfiction Features:

- **30 Weeks of Instruction:**
15 scaffolded instructional units of 2 weeks each (Ages 6–7)
10 scaffolded instructional units of 3 weeks each (Ages 7–11)
- **Simple 2-Step Unit Organization (Ages 6–7):**
Step 1: Read Aloud, with focus text feature and text structure
Step 2: Independent Reading, MiniBook with a focus text feature
- **Simple 3-Step Unit Organization (Ages 7–11):**
Step 1: text feature taught in isolation
Step 2: text feature practiced in context
Step 3: text structure taught in context; text feature included

Student Books Feature:

- **Before, During, After instruction guide** at the start of each lesson.
- **Pair/Share Routine** deepens students' understanding of a text's structure or content.
- **Step-by-step instructions** help students apply their learning through practice.
- **Writing Frames** help students internalize the text structures.
- **Graphic Organizers** provide scaffolding to help students identify the specific nonfiction text structure for comprehension.

Teaching Guides Feature:

- **Instructional Routines** to make prep time easy and fast.
- **Think Aloud Scripts** provide explicit teaching models for new teachers and a resource for more experienced professionals.
- **Informal Assessment Feature** helps teachers keep students on track.

Expand vocabulary in just 15 minutes a day!

Powerful Vocabulary for Reading Success is the first vocabulary program to offer you a systematic, teacher-directed approach to improving your students' reading comprehension achievement.

**This Unique Program Is:
Explicit and Comprehensive**

Models effective word-learning strategies and provides access to hundreds of essential words through multiple exposures.

Strategy-Based

Teaches word-learning principles and strategies together to increase vocabulary rapidly, improve fluency, and make vocabulary learning an ongoing, cumulative process.

Skill-Building

Provides instruction for hundreds of targeted words and effective tools for deciphering hundreds more commonly unknown words.

Components Include:

- **Student's Workbooks**—Include 26 lessons filled with high-interest, age-appropriate nonfiction and fiction selections and engaging activities. Each lesson includes word-learning tips, vocabulary-building strategies, application exercises, assessments, and follow-up reading and writing activities.
- **Teacher's Edition**
 - **26 scaffolded lesson plans** including a modeling segment, think-alouds, strategies for ELL students, independent student activities, and assessment guides.
 - **Reproducible flash cards** for independent practice of each word.
 - **Graphic organizers** on transparencies for instant whole-class modeling of key strategies.
 - **Review of the latest research** on vocabulary instruction.
 - **Complete answer key and glossary** of all words and definitions used in the Student's Edition.
 - **Ongoing Mystery-Word-of-the-Week game.**

Reading, Writing & Thinking for the 21ST Century.

It's time for a new kind of English language arts curriculum for a new generation of students. **Expert 21** has been designed to accelerate students ages 11–15 from basic to proficient—and beyond—so they are prepared with the literacy expertise to thrive on a global scale in the 21ST Century.

Expert 21 Features:

- **Explicit instruction** and application in 21ST Century skills that students will use in college, careers, and life.
- **Content that students want to read** because it's relevant and contemporary.
- **Content that integrates English language arts** and cross-curricular content-area literacy.
- **Expert Space**, the first-ever Digital Curriculum and Tool Kit for the 21ST Century.
- **Inquiry-based learning** that helps students build and question understandings of the world in which they live, learn, and work.

Essential 21ST Century Knowledge + Skills

Expert 21 is organized around 24 workshops. Built around a central “expert question” and driving towards a culminating project, each workshop also builds English language arts skills while simultaneously teaching 21ST Century skills and strategies.

The Arc of Inquiry

A workshop design that asks students to address real-world problems in a deep way.

Explore the **Expert Question**: Students build background knowledge with an **anchor video** and establish a reason to read.

Each workshop features six readings plus an Expert Reading. Half are **literary** and half are **informational texts**.

At the end of every workshop, students will complete the **Expert Project**. Armed with a set of facts and data, students are guided through the process of applying 21ST Century skills and strategies to tackle a real world challenge.

Meet the Expert: An internship on a page! Students are invited to meet experts working in jobs that require them to apply the skills being taught in each workshop.

100 skills cards offer students explicit instruction and support aligned to **21ST Century Skills**.

Students build **essential writing skills** within each workshop—beyond the 5 paragraph essay!

Expert 21 is a comprehensive program for teaching 21ST Century literacy skills and strategies across multiple learning environments.

Expert Space's Digital Curriculum features accessible level content that deepens knowledge and builds expertise:

- **100 xSpaces** (content bundles) organized around the most commonly taught, researched, and studied topics in science and social studies.
- **Short motivational videos** build background knowledge and engage students.
- **Reading scaffolds**, including Spanish translations, text leveled according to the Lexile Framework®, vocabulary support, and read-aloud functionality, support all readers.

Expert Space's Interactive Productivity Tools build 21ST Century information literacy skills:

- Calendar and assignment tools help students set goals and complete assignments effectively and efficiently.
- Digital note cards teach students to synthesize, organize, record, and cite information.
- An outline tool allows students to organize and present their information.
- Animated Skill Builder videos model best practices in searching, note taking, evaluating sources, and more.

xSpaces make theme-based teaching easy!

Transform information into *meaning*.

Timeliner XE is the powerful and intuitive software program students use to organize data to see the connections, and transform a world of information into real knowledge. This all-in-one tool supports students as they gather information; visually organize it on a timeline, sequence, or cycle; and communicate understanding in rich, multimedia presentations.

Timeliner XE Features:

- Visually organize any sequential information on a horizontal, vertical, or circular sequence in just minutes.
- Investigate topics using 400+ customizable activities across the curriculum.
- Gather information seamlessly from the Web using Timeliner's built-in browser.
- Allow students to express their creativity and develop communication skills through rich, multimedia demonstrations.

Support the Teaching and Learning of 21ST Century Skills!

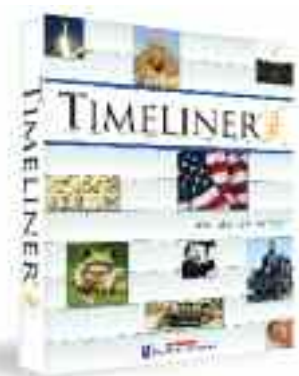

- Mastery of core subjects.
- Making complex choices and decisions.
- Understanding the interconnections among systems.
- Synthesizing information to solve problems.
- Assessing information efficiently and effectively, evaluating information critically and competently.
- Using technology as a tool to research, organize, evaluate, and communicate information.

Science Court®

SCIENCE

Build lasting understanding through guided discussion and fun, hands-on learning in science!

Science Court offers a research-based way to introduce core science topics and model scientific processes in the classroom. Through humorous animated trials, Science Court directly challenges common misconceptions in Earth, life, and physical science topics. Students critically examine the facts, articulate their understanding in multiple ways, and perform hands-on investigations to predict the trial decisions and final verdict.

Each Title Set Includes:

- **Mac/Win software**
- **Comprehensive Teacher's Guide** with learning objectives
- **Implementation support**
- **Reproducibles**
- **Assessment Guide**

12 curriculum topics using scientific processes

Mix and match from the following titles:

Build essential mathematics concepts and skills through children's literature.

You've always known literature opens new worlds. Now use stories to open the world of mathematics. Developed by America's leading math educator, **The Marilyn Burns Classroom Math Libraries** build essential math skills and concepts students need while providing teachers the instructional support necessary to effectively teach math.

Study after study has proven that using literature to teach math benefits children in a variety of important ways. Students come to experience the wonder of mathematics in the same way they appreciate the wonders of a great story.

- Motivate children to learn math in exciting new ways.
- Encourage students to think and reason mathematically.
- Engage children in problem-solving activities.
- Build students' appreciation for math and literature.

Each Grade-Level Library Includes:

- **45 Trade Books** (25 titles total: 1 copy each of 20 titles; 5 copies each of 5 titles)
- **Teacher Handbook** (provides 25 title-specific lessons covering essential math concepts and skills)
- **Attractive Display Box**

The arithmetic solution designed to help your students catch up and keep up in math!

Created by **Marilyn Burns** along with a team of Math Solutions master classroom teachers, **Do The Math** is an arithmetic intervention program that gives students who have fallen behind a chance to catch up and keep up. Focusing on Number and Operations, the cornerstone of elementary mathematics, the program teaches students the basics of math—computation, number sense, and problem solving. **Do The Math** will help your students build the skills they need to compute with accuracy and efficiency, the number sense they need to reason, and the ability to apply their skills and reasoning to solve problems for long-term success.

All Twelve 30-minute Modules Include:

Teacher Materials:

(Standard)

- 1 Teacher Bookcase
- 1 Teacher Guide with step-by-step lessons
- 1 Annotated *WorkSpace*
- 1 *Teaching Arithmetic Book*
- 1–2 Read-Aloud Titles (2 copies each)

- 1 Bag of Teacher Demonstration Materials

- 1 *TeacherSpace™ Binder*

Student Materials:

(Small-Group Configuration)

Interactive Technology

Math fact fluency in just 10 minutes a day!

This interactive software program uses the proven effective FASTT system to help struggling students develop fluency with basic math facts in addition, subtraction, multiplication, and division. **FASTT Math** automatically differentiates instruction and practice based on each student's individual fluency gaps in customized, 10-minute daily sessions. Developing automatic recall of basic facts enables students to focus on higher-order math skills, such as problem solving and algebra, and have the confidence to succeed in math.

FASTT Math is effective because:

- The system assesses individual student needs.
- Intuitive software prescribes 10-minute daily instruction and practice. Lessons are customized to each student, so every child gets the instruction he or she needs—right where they need it.
- The easy-to-use student management system allows teachers and administrators to monitor student progress.

Includes:

- **Mac/Win CD-ROM**
- **Teacher's Guide**
- **Fact Fluency Foundation Guide** including optional assessments, lesson plans, and activities

Building expert problem solvers.

Help students recognize mathematical situations in word problems, comprehend problems with the aid of graphic organizers, and plan solutions with addition, subtraction, multiplication, and division. Students will master problem solving through step-by-step instruction and practice, at their own pace and at a level automatically adapted to each student. **GO Solve Word Problems** positions students for success in algebra by laying a foundation of conceptual understanding and problem-solving skills.

Students work step-by-step to become better problem solvers.

Guided Practice

Interactive activities guide students through understanding and solving problems.

Make graphs easy to create and understand!

The Graph Club 2.0 is an award-winning, easy-to-use instructional tool for creating, exploring, interpreting, and printing graphs. The program's friendly, hands-on environment helps young students make the transition from graphing with manipulatives to graphing in the abstract. As students create and compare up to five different graph types, they develop essential graphing skills.

With The Graph Club your students will:

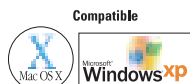

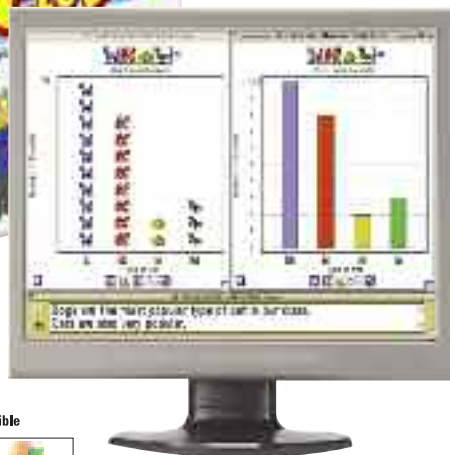

- Formulate questions that can be addressed with data.
- Collect, organize, and display data to answer questions.
- Represent data using five different graph types: picture, bar, circle, and line graphs, plus tables.
- Compare different representations of the same data.
- Describe parts of the data and the set of data as a whole.

Program Includes:

- **Mac/Win CD-ROM** with **The Graph Club 2.0** software, plus over 30 ready-made activities.
- **Teacher's Guide** including lesson plans and assessment tools, and a curriculum matrix.
- **The Deluxe Version includes The Graph Club 2.0 and the Ready-Made Activities CD.**

Get an additional 80 ready-made activities!

Activities are organized by learning objective and level so you can easily select the perfect match for your math, science, social studies, and language arts curriculum.

5-12

Best-selling Scholastic titles in Arabic for Grades 1-6.

Scholastic's **My Arabic Library** is a unique educational project designed to encourage a love of reading and learning in Arabic-speaking children and children learning Arabic as a second language. These classroom libraries for Grades 1 through 6 feature 30 or 40 best-selling Scholastic titles for each grade level and provide a high-quality resource for children learning Arabic.

Each grade-level library includes:

- Five copies each of 30-40 Scholastic titles (150-200 books total) carefully chosen and translated by Arabic education professionals.
- A diverse collection of fiction and nonfiction titles with subjects from geography and biology to space, history, folk tales, and more!
- Two attractive and durable library boxes for convenient storage.
- Two colorful posters (20" x 30") displaying the book covers.
- Two copies of a Teacher's Guide filled with lesson plans and activities developed for **My Arabic Library** and suggestions for promoting reading in the classroom.
- Grade 1 only: 3 titles in the large "lap-size" format are included with 5 copies of the corresponding "little books."

Scholastic Reading Inventory™ Enterprise Edition

AGES
5-18

INSTRUCTIONAL FOCUS

Vocabulary

Fluency

Comprehension

The best assessment for monitoring reading progress.

Scholastic Reading Inventory (SRI) Enterprise Edition is a research-based, computer-adaptive assessment that allows educators to quickly and accurately assess reading comprehension over the course of a student's education to inform instruction and match students to text using the Lexile Framework® for Reading. This assessment is used to set growth goals, monitor progress, forecast performance, and help place students at the best level in a reading program so they will read with success.

Scholastic Reading Inventory provides the right critical components to help raise reading achievement:

- **Immediate, actionable reports**
SRI provides performance data that can be managed at school, classroom, and student levels so administrators can monitor progress and take action.
- **Cost-effective**
With licenses that are reusable year to year and unlimited access to tests throughout the year, SRI is the least expensive, yet most powerful, alternative on the market today.
- **Fast and easy to administer**
Entirely computer-based, SRI reading assessment is administered in as little as 20 minutes per student, allowing consistent, immediate, and timely assessment throughout the academic year.

Easy to Administer:

1. Student selects areas of reading interest.
2. Student spends approximately 20 minutes taking the test.

4. Administrators can customize reports to meet their needs.

Book Title	Lexile	Level
1. The Hobbit	470	4th-5th
2. The Lord of the Rings	680	6th-8th
3. The Silmarillion	800	9th-12th
4. The Hobbit	470	4th-5th
5. The Lord of the Rings	680	6th-8th
6. The Silmarillion	800	9th-12th
7. The Hobbit	470	4th-5th
8. The Lord of the Rings	680	6th-8th
9. The Silmarillion	800	9th-12th
10. The Hobbit	470	4th-5th
11. The Lord of the Rings	680	6th-8th
12. The Silmarillion	800	9th-12th

Create a reading sensation at your school!

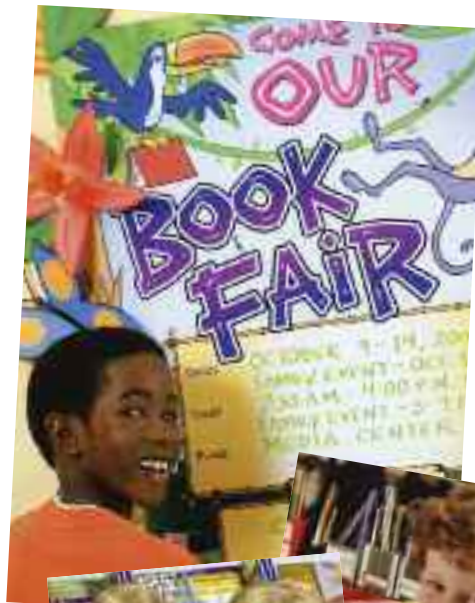

Scholastic Book Fairs works in partnership with your school to run a special book sale that will bring the community together to celebrate the joy of reading!

Easy to Run

- If you would like to run a Book Fair, contact us and Scholastic will send you the Scholastic Book Fairs Promotional Kit. It provides you with all the resources you will need to run, decorate, and publicize your Book Fair.
- Select books from the Classroom & Library Books Catalog to offer a variety of popular titles and book collections at your fair.
- Add a theme to your Book Fair! Look for our new theme every year with loads of time-saving decorating ideas and reproducible materials to make your job easier!
- Open your doors to the entire school community and have a literacy festival.

Motivating, Engaging Titles

- Make quality books available to your students at low prices.
- Motivate students to read with high-interest books.

1-573-632-1304.
7. You may email your order to:
inttop@scholastic.com.

Shipping

Shipping

Shipping and Handling charges are not included in our prices and will be added to your order. Please note that if you are using a freight forwarder, we will ship product to its U.S. location for the domestic shipping and handling rate of 9%.

To Foreign Addresses

By Air: Please add 25% shipping and handling; minimum postage of \$25.
Allow 2-4 weeks for delivery. Any customs duties are additional and the responsibility of the customer.

To U.S. Territories and APO/FPOs

Priority Mail: Please add 20% shipping and handling; minimum postage of \$20. Allow 3-5 weeks for delivery.

Method of Payment

Payment should be made with order or upon receipt of invoice. Checks and money orders (in U.S. currency) should be made payable to Scholastic Inc. You can also charge your MasterCard, VISA, American Express, or Discover (minimum order \$25). Contact **Scholastic International Customer Service** for wire transfer information:

Phone: +1 (573) 632-1687

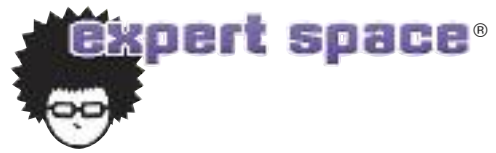

Fax: +1 (573) 632-1304

Email: international@scholastic.com
