Phyllis C. Hunter CLASSROOM LIBRARY

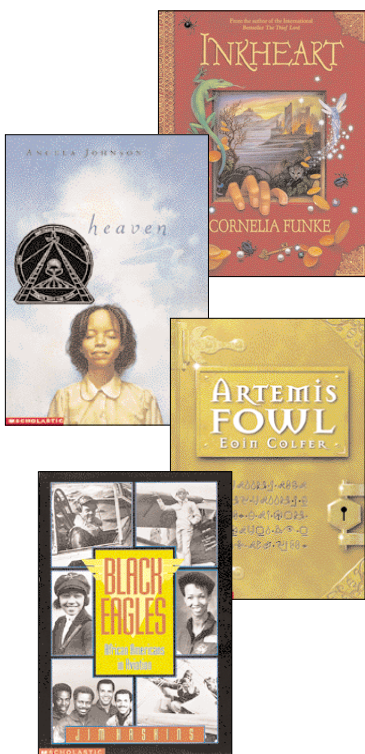

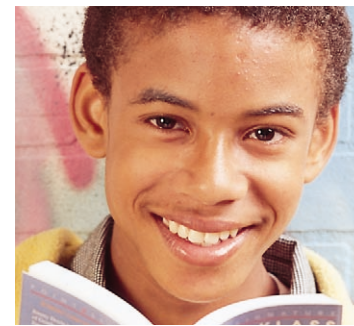

LIBRARY

Build reading proficiency and fluency with Phyllis C. Hunter’s best selling classroom libraries. Now available: NEW libraries created specifically for grades 7-9.

When literacy expert **Phyllis C. Hunter** said “access to a wide variety of books is every student’s civil right,” she spoke from the heart—and from years of teaching, objective research, and work as an adviser on the **No Child Left Behind Act** of 2001. With the development of the **Scholastic Phyllis C. Hunter Libraries** for grades K–6, she acted on those words, and gave teachers the opportunity to build effective classroom libraries that would serve their students’ reading needs. Those libraries are an enormous success—for students, teachers, and schools. Now, Phyllis C. Hunter and Scholastic are proud to introduce the **Scholastic Phyllis C. Hunter Libraries for grades 7–9**, created specifically to provide dynamic reading choices and reading skills development for students in the critical middle- and high-school years.
