

A Butterfly's Home

A butterfly is an insect. Butterflies have beautiful wings and can fly long distances. All animals need food, air, water, and a safe place to live. Finish this story to find out about a butterfly's home!

cut here

<p>4</p> <p>Butterflies rest in safe places such as between rocks or under leaves. Draw a butterfly resting.</p>	<p>3</p> <p>Butterflies drink nectar from flowers. Draw a butterfly drinking.</p>
<p>1</p>  <p>Home Sweet Home</p>	<p>2</p> <p>Butterflies live in the mountains, by the ocean, and in the forest. Draw one of these places.</p>

(fold along the dotted lines)

Read the classroom poster to find out how a caterpillar becomes a butterfly!
