Gaby, Lost and Found

by Angela Cervantes

Booktalk!

“Lost” is certainly the word to describe how Gaby has been feeling ever since her mother, an illegal immigrant, was deported from America back to Honduras. Living with her father, who barely has time for a job – let alone a daughter – hasn’t made things easier.

The only bright spot in Gaby’s life has been volunteering at the local animal shelter with her classmates. There, an adorable stray cat named Feather reminds Gaby of herself – lonely and scared with no place to go. Will they find a forever-home together?

Best for ages 8–12
