## Kizzy Ann Stamps

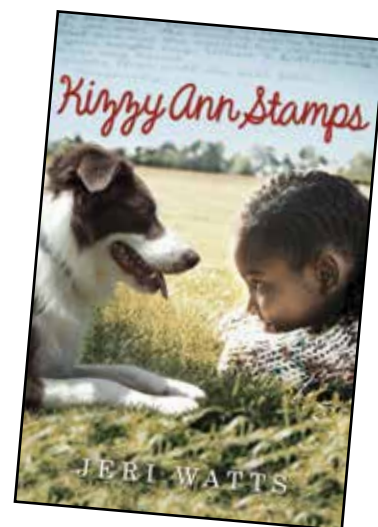

by Jeri Watts

### Booktalk!

Starting in a new school is rough, especially when it's an all-white school and you're black. Also, the new kids are sure to stare at the big scar across your face from the farm accident.

We learn a lot about how Kizzy Ann thinks and feels based on the letters she writes to her teacher during the summer. But she is tough and has Shag, the most loyal Border Collie ever! She never left Kizzy Ann's side after the accident and won't leave her side at school.

Now Kizzy Ann and Shag have a chance to show everyone how special they are by entering a competition. With the support of her new teacher and family, Kizzy Ann thinks she might finally be treated equal to the other kids.

Best for ages 8-12
