Fly Guy and the Frankenfly

by Tedd Arnold

Booktalk!

Meet Buzz, Fly Guy's friend. It's a dark and stormy night, and Buzz creates scary costumes for both of them. The masks look a little like Frankenstein.

Then it is time for bed; Fly Guy is too busy to sleep, but Buzz starts dreaming. *Or is he?*

Buzz sees a new creation: a monster, a monster that's a HUGE, green, scary fly! And the monster is after Buzz. But where is Fly Guy? When Buzz opens his eyes, it is morning – but Fly Guy is not in his tiny bed. Did Fly Guy meet the monster?

Best for ages 6–8
