The BEST research-based collection of leveled books and guided reading materials available!

Scholastic Guided Reading Programs

Guided reading is an instructional approach that involves a teacher working with a small group of students who demonstrate similar reading behaviors and can all read similar levels of texts. The text offers challenges and opportunities for problem solving, but is easy enough for students to read with some fluency. The teacher provides support, but the ultimate goal is independent reading.

Scholastic Guided Reading Programs are comprehensive reading programs that integrate guided instruction, assessment, and independent practice into the classroom by offering a wide range of outstanding leveled books and teaching materials.

Show students all that reading can be.

Guided Reading Text Types

Guided Reading Text Types is designed to show students that reading comes in many forms—from picture books to graphic novels to plays to short stories and free verse—that help shape the type of readers they'll become and lets them discover their favorite texts. Best of all, the program's built-in everyday literacy feature connects classroom reading to a variety of real-world informational texts.

Guided Reading Text Types Features:

- Opportunity for students to discover different genres and their favorite literature
- Differentiated instruction for all students
- Procedural, expository, and persuasive writings
- Classroom content to real-world informational texts
- Running records and reading logs

Each level of Guided Reading Text Types Includes:

- **60 Trade Books** (10 titles; 6 copies each)
- **176-page Teacher's Guide** by Fountas & Pinnell
- **10 Teaching Cards** with instructional suggestions for each title
- **Leveling Stickers**
