## Writing Resources

Build basic writing skills with *Sentences to Paragraphs*, followed by more in-depth writing practice with *Picture Composition*.

### Sentences to Paragraphs

Ages 7-9

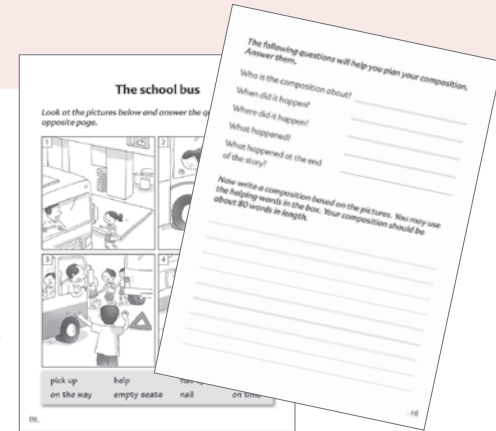

This workbook series teaches the key writing skills of sentence and paragraph construction. Starting with the simple sentence, the books progress in easy and graded steps through the various types of sentences and their parts, expanding sentences with adjectives and adverbs, linking sentences with conjunctions, and combining sentences into paragraphs. Each book provides 10 clear, concise units with graded exercises for practice. Answers appear at the end of each book.

<b>Sentences to Paragraphs 1</b>	IUT978-981-4133-65-4	\$7.99
<b>Sentences to Paragraphs 2</b>	IUT978-981-4133-66-1	\$7.99
<b>Sentences to Paragraphs 3</b>	IUT978-981-4133-67-8	\$7.99
<b>Sentences to Paragraphs 4</b>	IUT978-981-4133-68-5	\$7.99

### Picture Composition

Ages 7-9

With the *Picture Composition* series, primary students develop writing oral, and cognitive skills by using pictures of everyday themes to develop compositions. Each book consists of 40 composition topics arranged according to five broad themes: at school, accidents and unpleasant events, trips and outings, special people, and special occasions. Each theme starts with a picture and a model composition to help students deal with similar topics with confidence. A writing frame is available for each topic to help students plan their compositions before attempting to write them. Model answers are provided for all the compositions at the end of the book for students' reference.

**Ages 6-12**

This series of three books guides students through the writing process with model essays that cover everyday themes and vocabulary. Students read the model essay, review difficult vocabulary words from the essay, and then create their own sentences and compositions following careful guidelines. In the first book, students learn the basics of writing; in the second book, they begin writing organized paragraphs; and in the third book, they develop their writing skills with further composition practice.
