2013 – 2014 EDUCATION

Digital programs, classroom libraries, teaching materials, paperbacks and collections for ages 0–18

Dear Scholastic Partner,

Welcome to Scholastic's 2013–2014 Education Catalog!

At Scholastic, we believe that *literacy* is the birthright of every child. Since 1920, we have been inspiring children and supporting their educators with authentic books, engaging instructional materials, cutting edge educational technology and ongoing professional development.

Encourage a love of literacy and learning in your students with premium educational resources and authentic literature from Scholastic. Don't miss our new and featured programs this year:

Scholastic Learning Zone— One-stop access to our growing portfolio of web-based programs. (pages 6–7)

Scholastic Early English— Our first software-based English language learning program for your youngest learners. (pages 20–21)

Scholastic Active English— Enhance students' reading, writing, listening and speaking skills through this engaging program. (pages 22–23)

English Language Teaching Resources— Easy-to-follow workbooks and reference titles in grammar, reading, writing, vocabulary, and more! (pages 25–32)

Comprehension Clubs— Enhance your students' literacy skills through dynamic conversation about books (pages 29–30).

Scholastic PRIME™ Mathematics— Ensure students' success in mathematics with this world-class program based on the best practices of top-performing Singapore, Republic of Korea, and Hong Kong. (pages 66–67)

Best-Sellers from Scholastic— Let children's imaginations run wild with all new *Branches* chapter book series, the beloved *Harry Potter*, the popular *Hunger Games* thrillers and much more! (pages 124–158).

Finally, explore our international website with information tailored for your needs at www.scholastic.com. Here you will find **free** resources and downloadables for our educational materials and most popular titles, as well as access to our online catalogs.

Thank you for your dedication. Together, we can change lives.

Sincerely,

Shane Armstrong
EVP, President

“Many of the **TrueFlix** topics overlap with the units of study in our Science and Social Studies curriculum from 3rd–5th grade, making them highly applicable in the upper grades. Fourth grade teachers were able to use the videos and books as an additional resource during a recent Social Studies Unit. The Climate Change and Tropical Rainforest selections complemented a third grade Science unit very nicely.”

Accurate and actionable reading comprehension assessment.

Scholastic Reading Inventory (SRI) provides educators with a quick and accurate assessment of students' reading comprehension. Using the Lexile Framework™ for Reading, you can set goals, monitor progress, and inform instruction throughout the year.

SRI measures the accuracy of a student's responses to multiple choice questions about specific reading passages and adjusts the difficulty level throughout the test. If a student answers a question correctly, the next will be slightly harder. If they answer incorrectly, the next question will be easier. This allows for precise matching to a student's exact level so you can target instruction and support their development as readers.

Coming January 2014!

Scholastic Reading Inventory features:

- Locally relevant benchmarks aligned to your performance standards
- Easy to administer to hundreds of students at once
- Secure, web-based program accessible anytime, anywhere with Internet
- Actionable data that informs customizable reports

1. Students select areas of reading interest.

2. They spend approximately 20 minutes taking the test.

3. They receive a reading list based on areas of interest and ability.

4. NEW! Teachers access reports and tools on Scholastic Learning Zone!

Bring deep reading, deep thinking and deep discussion to the whole class.

Comprehension Clubs includes a collection of more than 50 age-appropriate books and audio titles organized around six themes for ages 5-14. Everyday students begin with a whole-group interactive read aloud. Then students read in small, mixed-ability group "book clubs" to talk, think, and write about the books. Through conversation about books, teachers and students create a vibrant classroom community that best supports quality comprehension.

Comprehension Clubs features:

- Interactive Read Aloud opportunities that encourage teachers and students to talk, think, and write about text
- Collaborative nature of Student Book Clubs that enables all students, including struggling readers and English language learners, to find the support they need
- Authentic fiction and informational texts that build knowledge and academic vocabulary
- Globally relevant themes that appeal to learners

Comprehension Clubs includes:

- Teaching Guide
- 30 Read Aloud picture books (Grades K-5)
- 30 Read Aloud books (Grades 6-8)
- 30 Read Aloud lesson cards
- 24 Book Club titles (24 titles, 10 copies each, 240 books)
- 24 Book Club lesson cards
- 24 Audio books
- 6 Unit folders

*All components included in each grade level set

Book Club Teaching Cards:

- Provide teaching prompts for noticing and citing textual evidence
- Feature activities thinking "within, beyond, and about" the text
- Suggest text analysis and support
- Present student writing activities to make reading/writing connections

Read Aloud Teaching Cards:

- Provide teachers with a summary of each title
- Describe "Key Understandings" of each book
- Suggest stopping points to invite deep thinking and discussion
- Provide support for ELL and struggling readers

Book Club Teaching Cards:

Improve student reading skills with authentic literature and an instructional approach that works.

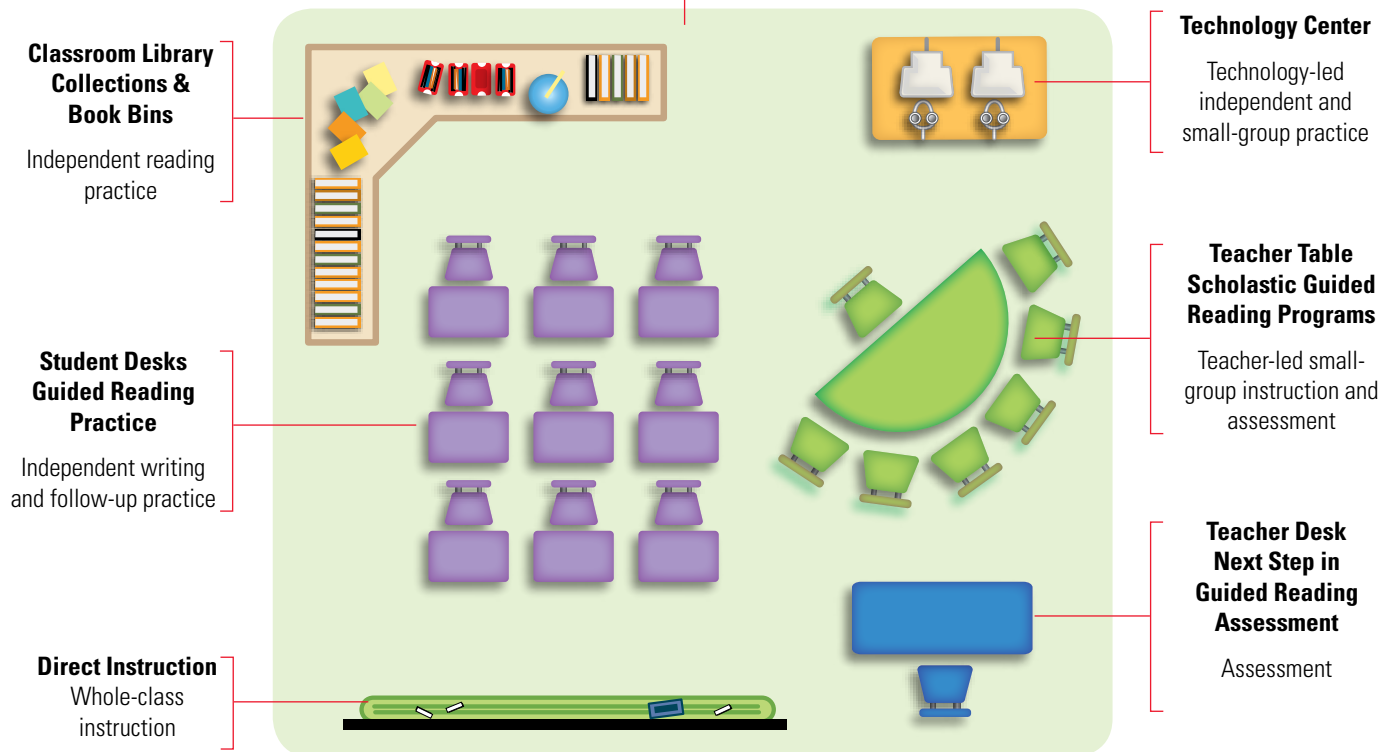

Scholastic Guided Reading Programs offer dynamic books and high-quality instructional support to meet the needs of all learners. Educators choose from varied collections of books categorized by their genre and reading level to support children as they are learning to read. This proven-effective approach also allows for observation and assessment in order for educators to differentiate instruction.

The Guided Reading instructional approach uses the following steps:

- 1 Teacher works with a small group of students with similar reading levels
- 2 Teacher selects a book that fits student abilities
- 3 Teacher provides support to help students build vocabulary
- 4 Teacher monitors and assesses student progress
- 5 Students work toward the ultimate goal of independent reading

Model Guided Reading Classroom

Teacher works with one small group of students at a time while students rotate from one activity or literacy center to another.

Scholastic Guided Reading Programs Include:

Teaching Cards

Support every student with the instructional skills and strategies that accompany each book.

GUIDED READING LEVELS CHART			
Guided Reading Level	Grade Level	Age Range	Level Description
A	K – 1	5 – 6	Simple books with one line of one to six words per page, easy-to-see print, and ample space between words. Most books focus on topics familiar to children.
B	K – 1	5 – 6	Books focus on simple story line or single idea and one or two lines of print per page. Many books feature repeating patterns in the text.
C	K – 1	5 – 6	Books explore familiar topics in a variety of ways to offer new viewpoints to the reader. Text may be patterned but is not as predictable as in Levels A and B.
D	K – 1	5 – 6	Books cover familiar topics but introduce more abstract ideas. Text contains larger words and a full range of punctuation.
E	1 – 2	6 – 7	Books are longer than in previous levels with more lines of text on each page. Sentences carry over several pages with more complex punctuation.
F	1 – 2	6 – 7	New, less familiar concepts presented at this level with larger variety of frequently used words and more new words. Text reflects pattern of written, rather than oral, language.
G	1 – 2	6 – 7	Language changes on each page, rather than in repeating patterns. Books offer challenges in ideas and vocabulary, with some introduction to technical language.
H	1 – 2	6 – 7	Books are similar in difficulty to level G, but the texts vary more widely in size of print, length of sentences, and type of language.
I	1 – 2	6 – 7	Longer and more complex stories with elaborated information. Multisyllabic words are arranged in longer sentences and paragraphs that require complex word solving.
J	2 – 3	7 – 8	Informational books with new concepts and beginning chapter books require the reader to problem solve through a longer text read over several days. Books have full pages of text with few illustrations.
K	2 – 3	7 – 8	Includes chapter books and short informational books with more difficult concepts. Readers must use a variety of strategies to figure out different writing styles.
L	2 – 3	7 – 8	Books are much longer and include biographies. Longer texts include many multisyllabic words and expand readers' vocabularies. Some books present abstract themes.
M	2 – 4	7 – 9	Text includes more complex language and expanded vocabulary and requires readers to make interpretations. Many books have smaller print and narrower word spacing.
N	2 – 4	7 – 9	Topics go beyond readers' own experiences and vocabulary continues to expand. Variety of texts offers readers the chance to interpret information and speculate on alternate meanings.
O	3 – 4	8 – 9	Texts have more sophisticated subjects and complex sentence structures. With longer books and varied vocabulary, readers will need to interpret the meaning of the text.

GUIDED READING LEVELS CHART			
Guided Reading Level	Grade Level	Age Range	Level Description
P	3 – 4	8 – 9	Informational texts at this level include history and biography, enabling readers to learn how to gain information from a variety of texts. Concepts may include early adolescent issues.
Q	3 – 5	8 – 10	Selections contain more difficult words with themes to foster group discussion. Relationship of illustrations to text also offers opportunities for exploration and discussion.
R	4 – 5	9 – 10	Books contain sophisticated vocabulary to challenge readers. Some of the longer chapter books require a sustained reading over several sittings.
S	4 – 5	9 – 10	Selections challenge readers to make a connection with a previous reading and with historical events. This level includes chapter books in a variety of genres.
T	4 – 6	9 – 12	Readers encounter a variety of nonfiction text structures. Expanded vocabulary requires readers to consider different meanings of the words.
U	5 – 6	10 – 12	Books cover a breadth of topics and present specific, technical information. Illustrations require interpretation and connection to the text.
V	5 – 6	10 – 12	Texts present complex issues and use technical language. Topics may include realistic historical information and more difficult themes.
W	5 – 6	10 – 12	Books present complex information requiring readers to employ a wide range of content knowledge. Texts vary in length and print is generally in a small font.
X	6	11 – 12	Books cover increasingly mature themes and require extensive prior knowledge. Texts are designed to present a significant amount of new information.
Y	6	11 – 12	Books feature similar themes to previous levels with more explicit detail. Text requires critical reading skills to evaluate the quality and objectivity of the text.
Z	6	11 – 12	Books present a challenge for more widely read students, requiring critical reading skills. Topics include controversial social and political issues.

A world-class mathematics program based on the best practices of top-performing Singapore, Republic of Korea, and Hong Kong

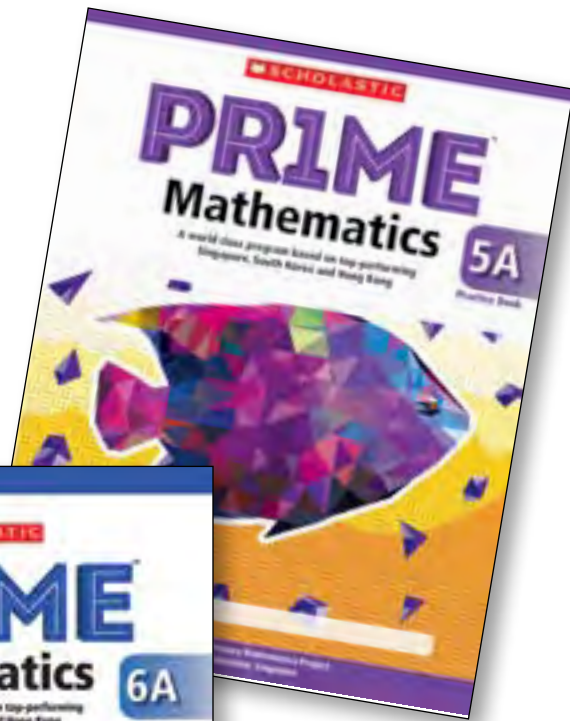

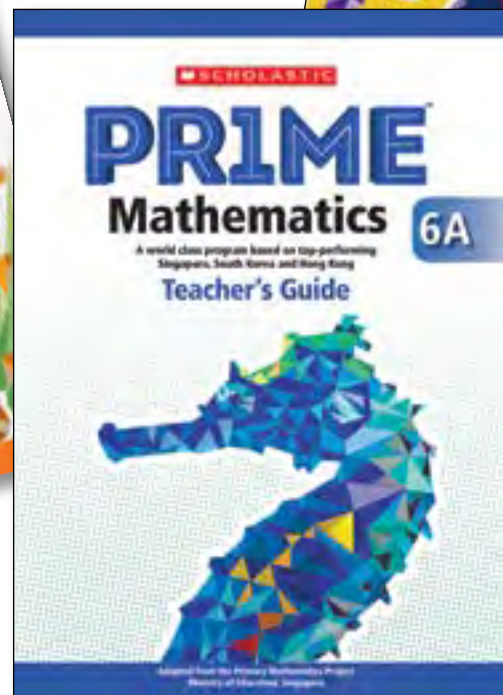

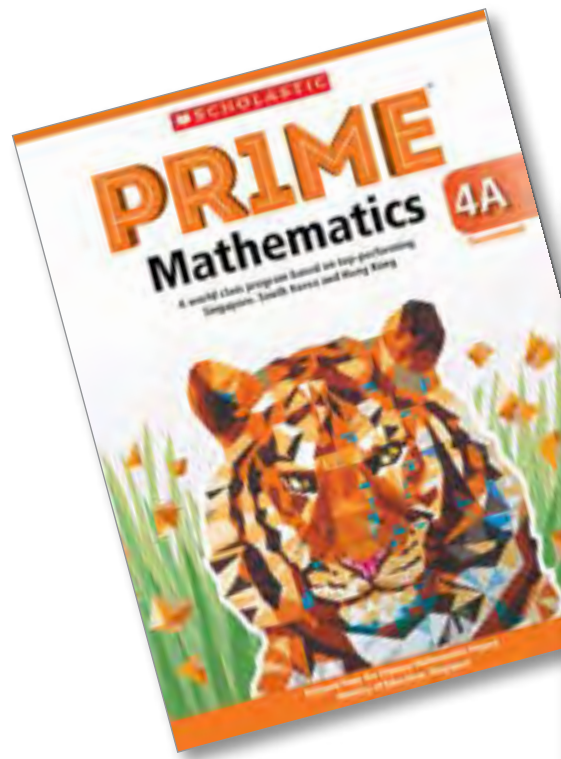

Scholastic PRIME™ Mathematics is an innovative, research-based mathematics program designed to help students in grades 1–6 build a strong foundation in mathematics. It combines the best teaching and learning practices and standards of global top performers and models of excellence in mathematics — Singapore, Republic of Korea and Hong Kong. It is adapted from the highly acclaimed and widely proven Primary Mathematics Project developed by Singapore’s Ministry of Education. Scholastic PRIME™ Mathematics follows a four-step problem-solving process that promotes a deep understanding of each concept. Students will successfully progress from basic mathematical skills to more complex ones.

Scholastic PRIME™ Mathematics features:

- A focus on problem solving, critical-thinking skills, and other 21st century competencies through carefully crafted learning tasks and activities
- Visuals and scaffolding that ensure that students understand the concepts and procedures, instead of simply memorizing them
- Technology that allows teachers to teach, engage, and interact with the class
- Comprehensive teacher support and professional development in coursebooks and prescriptive teacher’s guides

Each Scholastic PRIME™ Mathematics grade-level set includes:

- 2 Coursebooks
- 2 Practice Books
- 2 Teacher’s Guides

Lesson 1 Making Addition Stories

You will learn ...

- the meaning of addition
- to tell number stories for addition sentences
- to write addition sentences

Understanding the meaning of addition

Talk about the picture.

3 children are playing. 2 children join them. There are 5 children altogether.

We write the addition sentence:

$$3 + 2 = 5$$

part part whole

We read it as three plus two is equal to five. "+" means add. Addition means putting together.

We add the parts 3 and 2 to make the whole 5.

Add 3 and 2. The answer is 5.

$3 + 2 = 5$

Lesson 1: Making Addition Stories

Duration: 1 h 30 min

Learning Objectives

Understanding the meaning of addition

- To use picture cutouts (or other manipulatives) to illustrate the meaning of addition
- To make number stories for given addition sentences
- To write number sentences for given situations involving addition
- To observe the identity property of addition

Materials:

- Children and adult figures cutouts (TR1)
- Shape cutouts (TR2)
- Reusable adhesive

Resources:

- CB: pp. 36–42
- PB: pp. 28–32

Vocabulary:

- add
- in all
- putting together
- addition
- is equal to
- altogether
- plus

Have students look at the picture on CB p. 36. **Ask:** How many children do you see in the picture? (5) How many adults do you see in the picture? (1) **Say:** Now count the number of people. (6)

Task (a)

Have students look at the picture in (a). **Ask:** How many children are playing? (3) **Stick 3** cutouts of children figures (TR1) on the board. **Ask:** How many children are joining the children who are playing? (2) **Stick 2** cutouts of children figures (TR1) on the board. **Say:** Now count the number of children. (5) We can write an addition story. 3 children are playing. 2 children join them. There are 5 children altogether. The word "altogether" tells us that the total number of children is 5.

Have students look at the addition sentence in (a). **Write:** $3 + 2 = 5$ **Say:** We read this addition sentence as "three plus two is equal to five". "+" means add. 3 and 2 are parts of a whole. When we add them, we get the whole 5. Point out to students that addition means putting together. When the parts are put together, they make the whole.

Teach primary science with colorful readers and whiteboard technology.

ELT IPC PYP CLIL

Investigators teaches primary science through nonfiction books, interactive whiteboard technology, and instructional materials designed for 21st century classrooms. Students learn through narrative nonfiction and interactive activities that empower them to think like scientists.

Investigators features:

- Direct Instruction: Teachers use a big book and/or interactive CD-ROM to introduce each primary theme and subject to be explored in the other books
- Whole-Class Instruction: Thirty copies of the six titles in each subset build upon one another and deepen children's understanding of important topics
- Independent Learning: The cross curriculum activity page, or Center Card, for each book prompts children to take a hands-on approach to thinking and acting as a scientist
- Extended Activities for Take-Home, After School and the Library: Every title's teaching card features out-of-classroom activities including library time options and take-home research activities

Each Investigators theme pack includes:

- 180 Books (6 titles, 30 copies each)
- 1 Big Book
- 1 Interactive Whiteboard CD
- 6-Page Theme Overview (book feature descriptions, lesson plan walk through, and learning extensions)
- 6-Page Complex Text Overview (outlines where more challenging text can be found within the program)

Transform good teaching into great teaching.

Training and professional development are powerful tools on the path to achieving results. We will work with you to create a customized plan to meet your needs, schedule, and budget to provide the best experience for your educators.

You can choose the training that works for your teachers:

- **Introductory and follow-up sessions:** A full or half-day that is customized for the skills you want to address
- **Webinars:** Live discussions in your area of need
- **In-class coaching:** Work side-by-side with a consultant who provides support and collaborative feedback
- **Online workshops:** Best practice routines and strategies modeled by literacy experts

A Commitment to Teacher Effectiveness

Scholastic is committed to building school communities where:

- Students, teachers, and administrators participate in a community of learning
- Teachers' planning time is constructive and evaluates and refines their teaching
- Every teacher and student has access to a diverse classroom library of high-quality books at every reading level
- Teachers consistently analyze their students' work beyond mandated assessments
- Links between teachers' and administrators' academic goals and actual student achievements are established and explicit
- Staff build a strong collective commitment toward improving teaching, learning, and student achievement

Scholastic can partner with you to deliver these results. Together, we will build a professional development program that addresses your needs.

Please contact us at International@scholastic.com or +1 646-339-5288 for more information.

A convenient cost-efficient way to build an effective classroom library.

Ready-to-Go is the ultimate foundation for every classroom library. Selected by experienced educational professionals, these collections develop vocabulary, comprehension, and fluency. For each grade level K–6, you can select from three different types of 100-book collections: Favorites, Independent Reading, and Nonfiction.

For title listings, go to www.scholastic.com

- **Favorites Collections** motivate and engage readers with award-winning books and best-selling favorites
- **Independent Reading Collections** provide students at every level with books they can read with accuracy and success
- **Nonfiction Collections** develop essential vocabulary and background knowledge, and serve as a valuable resource for research projects

For best value, order all three 100-book collections to create a complete grade-level library of 300 books instantly!

Each 100-book Collection includes:

- 85 individual titles
- 3 award-winning titles (5 copies each)
- Activity sheets to reinforce reading and writing skills for each multicopy award-winning title
- Plastic storage bins

Ready-to-Go2 Classroom Libraries
