Makes graphs easy to create and understand!

The Graph Club is an innovative, easy-to-use tool that enables students to create, explore, interpret, and print graphs, helping them to make the transition from graphing with manipulatives to graphing in the abstract.

**FREE TRIAL
available**

Teach 5 graph types:
picture, bar, circle, line,
and table

Students move from graphing with manipulatives to graphing in the abstract

Over 100 cross-curricular activities in mathematics, social studies, science, and language arts

The Graph Club features

- Activities to collect, organize, interpret, compare and display data as students master graphing skills to solve problems
- A cross-curricular focus with complete lessons in mathematics, science, language arts, and social studies
- Reproducible assessment tools to monitor understanding
- Student and teacher checklists, rubrics, and sample graphs
- Fully bilingual in English and Spanish

I WANT TO ORDER:

Subscriptions for products featured in Scholastic Learning Zone are billed per school and not per number of students. However, in order to ensure that Scholastic provides your school/s with the appropriate number of licenses, we need to know how many users (teachers and students) you will be subscribing.
