The Deadlies are a very nice family of well mannered spiders...who just happen to be incredibly toxic. It's not their fault that their venom is so harmful. They would never hurt anyone! ### After Ever After

Jeffrey isn't a little boy with cancer anymore. He's a teen in remission. Even though the cancer should be far behind him, life still feels fragile. The after effects of treatment have left Jeffrey with an inability to be a great student or to walk without limping. His parents still worry about him. His older brother, Steven, who has always been Jeffrey's main support system and confidant, lost it and took off to Africa to be in a drumming circle and "find himself." Jeffrey has a little soul searching to do, too. He needs to tell Steven how he feels about basically being abandoned. His best friend, Tad, is hatching some kind of secretive, crazy plan, which is driving him bonkers. And, there is a girl who is way out of his league but who thinks he's cute. Profound, funny, and utterly original, *After Ever After* promises laughter and tears and characters who will live with readers long after the story is over.

Where can you hide when everyone knows your name?

### Runaway: An Airhead Novel By Meg Cabot

Emerson Watts is on the run: from school, from work, from her family, from her friends, from herself. With everyone she loves furious with her for something she can't explain, and nothing but the live Stark Angel fashion show on New Year's Eve to look forward to, Em's reached the end of her rope...what's the point of even going on? But when she discovers the truth about Nikki's secret, she knows there's only one person she can turn to. Will Christopher be able to put aside his personal feelings and help her expose her employer to the world? Is it even fair to get Christopher involved—since if he agrees, there's every chance that Stark Enterprises will try to have them both killed—this time, permanently? Maybe it would be better for Em to just keep on running.... **9780545040617 PB \$9.99**

### Destroy All Cars

James Hoff likes to rant against America's consumerist culture—the malls, the SUVs, the focus on clothes. He also likes to rant against his ex girlfriend, Sadie, who he doesn't feel is doing enough to change the world—a bike path can't save the environment. But just like he can't avoid buying things, he also can't avoid Sadie for long. This anti consumerist love story is all about idealism, in James's relationship with the world around him and his relationships with the people around him. This is a fantastic, funny, sexy, cool masterpiece from one of the best YA writers working today.
