#1: The Case of the Beagle Burglar

The day I found out I could talk to animals did not start out well. First, I couldn't find my lucky T-shirt. Second, my dog, Scout, dragged me around the yard chasing squirrels. And third, the squirrels threw a bunch of acorns at my head. After I was hit, I realized I could talk to animals! It sounds crazy but it's true. I could understand Scout, the squirrels, and every other animal—even bugs! My day got even worse when my best friend Leo's homework went missing. Leo blamed Scout! I know Scout's a dog, but trust me—he did not eat Leo's homework. But how would I prove it? There was only one thing to do—I had to talk to the animals around town. It was up to me, Jack Doyle, to get a clue and solve the mystery.

#2: The Case of the Tortoise in Trouble

Yeah! My third grade class was going on a field trip to a farm, and I couldn't wait for a day off from regular school. But I wasn't expecting to hear a voice coming from my backpack during the bus ride to the farm. It turns out my annoying little sister had hidden her pet tortoise, Tut, inside, and the voice was his! Yup, it's true—I can talk to animals, and they can talk to me. As if babysitting a tortoise wasn't bad enough, things got worse when Tut disappeared. My mystery-solving partner, Elizabeth, and I had to interview all the cows, horses, goats, and flies on the farm as we looked for clues. It was up to us to find Tut before the end of the day, and we were on the case!

**The thrilling conclusion to Maggie Stiefvater's

Forever

In Maggie Stiefvater's *Shiver*, Grace and Sam found each other. In *Linger*, they fought to be together. Now, in *Forever*, the stakes are even higher than before. Wolves are being hunted. Lives are being threatened. And love is harder and harder to hold on to as death comes closing in.

From *Forever*

SAM. Without Grace, I lived in a hundred moments other than the one I currently occupied. Every second was filled with someone else's music or a book I'd never read before or work or making bread — anything to fill my head. I played ceaselessly at normalcy, at the idea that it was just one more day without her and my family and that the next morning would be her walking through my door and life going on as if it hadn't been interrupted. Without Grace, I was a perpetual motion machine, run by my own inability to sleep and my fear of letting my thoughts build up in my head. Every night was a photo copy of every day that came before it and every day was like the night that was like the day before. Again and again and again. Everything felt so wrong, the house full to the brim with Cole St. Clair and no one else; my memories edged with images of Grace in her own blood, shifting into a wolf; and over all of it, me, unchanging, my body out of reach of the seasons. I was waiting for a train that never pulled up at the station. But I couldn't stop waiting, because who would I be then? I was looking at my world in a mirror. Rilke said: This is what Fate means: to be opposite, to be opposite to everything and nothing else but opposite and always opposite. Without Grace, all I had of her were the songs about her voice and the songs about the echo left behind when she'd stopped speaking. And then she called.
