

## Dear Teacher,

As I prepare for my first year of teaching, Scholastic Reading Club can help me build my classroom library—but I need your help!

By creating an account, our class can purchase books that will earn **Bonus Points** that can be used for **FREE resources for the classroom**. Plus I would have the opportunity to get affordable books through our classroom order, building my own library for the future.

Here's how to get started:

- 1 Register online at [scholastic.com/readingclub](http://scholastic.com/readingclub) or call 1-800-SCHOLASTIC (1-800-724-6527).
- 2 Share your Class Code so that your students can order online.
- 3 On your due date, submit your class order. Your book box will be delivered right to your classroom!

I look forward to building my library for my first year of teaching!

Thanks for your help!
